

BIOGRAPHY

Tony Leisher

Senior Vice President and
Chief Information Officer

Tony Leisher is Senior Vice President and Chief Information Officer (CIO) at TE Connectivity (TE), where he leads the company's global IT organization. In his role, he is responsible for spearheading transformative IT initiatives that align technology with business objectives to drive innovation, efficiency, and profitability. With more than 33 years at TE, Tony has held multiple leadership positions across IT, including CIO of the Industrial segment, Vice President of Global Application Solutions and Technology Transformation, and now CIO. His career has spanned finance, procurement, manufacturing, logistics, engineering, and digital commerce, giving him a deep understanding of TE's business and operations worldwide.

Throughout his career, Tony has driven large-scale technology strategies across complex, global environments, focusing on digital transformation, operational excellence, and talent development. Most recently, he has shaped TE's forward-looking IT strategy, financial planning, and organizational growth, including expanding talent capabilities in the Asia-Pacific region.

Beyond TE, Tony is a member of Penn State Harrisburg IT Advisory Board and has served as chair of SAP's Hi-Tech Council, a consortium of Fortune 500 companies collaborating on enterprise technology innovation. Tony holds a Bachelor of Science degree in Computer Science from Shippensburg University. He believes that saying "yes" to new opportunities fosters growth and innovation in leadership.
